XI. Read correspondence ending with this Office docket No. 699—457, dated 17th April 1894, he address of the Sub-Division Officer, Chikballapur, regarding a proposal to sink at the cost of District Funds a drawing well in the compound of the Sub-Division Office and the Munsiff's Court Chikballapur.

XII. Read Government Proceedings No. 5431-3—L. F. 110-92, dated 23rd September 1893, sanctioning an excess grant of Rs. 1,235 for 1893-94 on account of the works noted in the margin.

	Rs.
1) Narsapur well	245
2) Goribidnur Musafarkhana ..	200
3) Rangadhamana temple road ,...	350
4) Tunnels on Yellampalli-Chelur road	440
Total.. ...	1,235

The Executive Engineer explains that the above sum of Rs. 1,235 is the amount of excesses over imates, and that officer as well as the Examiner, Public Works Accounts, think that the sanction of additional grant is not technically tantamount to a sanction of the expenditure incurred in excess stimates.

Resolved therefore that the Government be requested to accord express sanction to the excesses erred to by the Executive Engineer being met from the general savings of last year's budget cept that incurred on the construction of tunnels on the Yellampalli-Chelur road which is proposed be met from the savings of the current year's budget.

XIII. The Executive Engineer requests Board's sanction to the excess of Rs. 370 over the esti- te of Rs. 1,832, sanctioned by the Chief Engineer in his No. 3499—475 of the 24th August 1889, constructing a tunnel of 7 vents on Chintamani-Bagepalli road on the ground that certain items re omitted in the original estimate.

Resolved that the excess of Rs. 370 spent on the above mentioned work be met from the general ings of the budget for 1893-94.

XIV. The Executive Engineer submits for the sanction of the Board, a revised estimate for dging Periasandra-Goribidnur road, showing an increase of Rs. 4,273 over the original estimate ich was for Rs. 22,946, and he explains that the excess was found inevitable owing to the excava- n of the foundations having proved more difficult than anticipated.

Resolved that the revised estimate be approved and submitted to Government in due course for action.

XIV. (*a*) The original budget grant for the above work was Rs. 8,000 and the same was raised Rs. 12,000 in Government Proceedings No. 1468-70—L. F. 110-92, dated 25th July 1894.

The Executive Engineer explains that a further expenditure of Rs. 4,063 being found urgently cessary, the same was incurred in anticipation of the Board's approval, as there was no time to tain sanction to a supplemental re-appropriation statement.

Resolved that the Executive Engineer be requested to send up a re-appropriation statement for mission to Government for sanction pointing out the source from which the excess amount can be t.

XV. The Executive Engineer brings to notice that intimation of Government Order No. 942-4— F. 74-93, dated 8th July 1894, sanctioning the execution of the road approaches to Goribidnur and ddakurugodu Railway Stations at a cost of Rs. 1,204 was received after the close of the official year, d requests that a fresh provision to meet the cost of the works may be made available during the rrent official year.

Resolved that Government be requested to sanction the cost of these works amounting to Rs. 1,204 ng met from the general savings of the current year's budget.

XVI. The following proposal and estimates were submitted by the Executive Engineer for the consideration of the Board :-

(1) The construction of a Musafarkhana at Gudibanda.
(2) An estimate amounting to Rs. 3,937 for metalling Malur-Hoskote Railway feeder.
(3) A special repair estimate amounting to Rs. 12,618 for metalling the Mulbagal Railway feeder.

Resolved that the above proposal and estimates be held in abeyance for the present.

XVII. The Executive Engineer brings to notice that the sum of Rs. 2,000 sanctioned in the current year's District Fund Budget under the head "A. Public Works (to be executed by Public Works Department) V. Reserve," is insufficient to meet the cost of incomplete major and minor works of last year amounting to Rs. 3,700 and proposes an increase under this head.

Resolved that the Government be requested to sanction Rs. 1,700 from the general savings of the current year's budget to make up the total cost of the incomplete works of 1893-94.

XVIII. The Board resolve upon making the following Talukwar distribution of the marginally noted lump sum allotments contained in the sanctioned budget for 1894-95.

(c) Temporary conservancy charges ... Rs. 1,500
(d) Cost of removing prickly pear ... „ 2,700
